

SI TAMIM

FRONT END DEVELOPER

PROFESSIONAL EXPERIENCE

I am a professional frontend developer. I have worked in a themeforest base company for 9 month, I know how to code according to themeforest requirements, and can clean code, design perfect pixels, I already have 6 to 7 items approved in themeforest. I get to create new animations using CSS and JavaScript and Gsap that will enhance the beauty of your template. I am very careful about my work.

WORK EXPERIENCE

ReacThemes | Front End Developer

I worked for 9 months as a frontend developer at React Theme, where I designed their total 8 figma to html templates by myself.
